

# GP<sup>®</sup> Dynamic Microchamber

## PARTS PRICE LIST - 2021

The following is a price list for parts and consumables for the GP<sup>®</sup> Dynamic Microchamber (GP DMC). This price list is effective 1/1/2021 through 12/31/2021. All prices in USD. Purchase orders are only accepted from established customers. Ensure your sales tax exemption information is on file with Georgia-Pacific Chemicals. Send all purchase orders to [gpdmc@gapac.com](mailto:gpdmc@gapac.com). Please note method of payment on purchase order. For customers outside the United States, please include tax identification number (or equivalent) on purchase order and provide brokerage information. Volume discounts on the listed items are not available.

Payment terms: Net 30

Shipping terms (INCO 2010): Ex Works - Albany, Oregon US

If you wish to purchase an item not shown of this list, please send a request for quote to [gpdmc@gapac.com](mailto:gpdmc@gapac.com).

PART NAME	SKU	DESCRIPTION	QTY 1 PRICE
116-GP Formaldehyde Sensor	P-39	Sensor for GP DMC gas analyzer (consumable)	\$ 1,250.00
116-GP Sensor Connecting Leads	P-42	Sensor leads for GP DMC gas analyzer (consumable)	\$ 70.00
Calibration Set	P-40	Panels used for calibrating sensor (includes 2 blank panels)	\$ 375.00
Calibration Set - Active Panel	P-40-1	Panel used for calibrating sensor (1 panel only)	\$ 225.00
Impinger Receptacle (legacy)	P-I-01-L	Impinger glassware for use (specify fittings for legacy GP DMC)	\$ 165.00
Impinger Desiccant Holder	P-I-03	Desiccant holder (trap) with screw bottom for use with Impinger Airflow System	\$ 110.00
Desiccant (Blue)	P-I-07 (-EU)	1 lb desiccant for impinger - includes SDS (suffix -EU for REACH compatible desiccant)	\$ 75.00
In-line Scrubbing Filter	P-07	Activated carbon filters used inside the chamber	\$ 12.50
Filter for Silencer	P-13	Filter for the make-up air pump inlet	\$ 35.00
GA Particulate Filter	P-45	HEPA filter for the gas analyzer	\$ 35.00
Temperature Sensor	NP-43	Calibrated temperature probe for new GP DMC systems	\$ 400.00
Temperature Sensor (legacy)	P-43	Calibrated temperature probe for legacy GP DMC systems	\$ 350.00
Relative Humidity Sensor	NP-15	Calibrated relative humidity probe for new GP DMC systems	\$ 440.00
Relative Humidity Sensor (leg)	P-15	Calibrated relative humidity probe for legacy GP DMC systems	\$ 215.00
Make-up Air Pump	NP-10	Standard make-up air pump with components, disassembled for shipment	\$ 1,560.00
MUA Mass Flow Controller	NP-21	Calibrated make-up air flow meter for new systems	\$ 2,415.00
MUA Flow Meter	P-21 (-14, -89)	Legacy make-up air flowmeter, calibrated at either 14.5 L/min (-14) or 8.9 L/min (-89)	\$ 1,250.00

Except as provided in a signed contract between Georgia-Pacific Chemicals LLC ("GP Chemicals") and your company ("Buyer") covering the transactions contemplated here, all quotes and sale of products are wholly based on and subject to GP Chemicals' Standard Terms and Conditions, which can be found at <http://www.gp-chemicals.com/TermsAndConditions>. Any additional, inconsistent or different terms or conditions contained in a Purchase Order or other communications from Buyer to GP Chemicals are a material alteration of GP Chemicals' Standard Terms and Conditions and are expressly rejected by GP Chemicals.
